## HISTORY

Geoprom is production and Trade Company for food supplements products from Skopje, Macedonia. Founded in 1992 as a private owned company it was specialised in providing domestic companies with baby cosmetics, pharmaceutical, OTC (over the counter) and CHC (Consumer Health Care) products. With the capacity of large distributive network and market activities Geoprom is well recognized to Macedonian food supplements, herbal medicines and baby cosmetics market.

Our committed efforts have further contributed to successful long business relations with many European companies such as Krüger and Bübchen.

Over the years Geoprom gradually developed its activities and expanded their business in manufacturing of OTC, food supplements, herbal medicines and CHC products. With strategic commitment to produce high quality products that meet the stringent standards, the company expanded its presence on many international markets both with private label or contract manufacturing products.

## CAPACITY

Equipped in accordance with ISO 9001:2015, HACCP and GMP standards we have capacities of highly standardised equipment for manufacturing of OTC, herbal medicines, food supplement and CHC products. As the result of continuous investment in research and development of our capacities we created our product line of encapsulated oral dosage forms (capsules) from the Consumer Healthcare and OTC segment.

In order to continuously follow our customers' needs we implemented contractual manufacturing with companies interested in production and packaging of food supplements, herbal medicines, OTC (over the counter) and CHC (Consumer Health Care) products.

## MISSION

Our mission is to improve health standards with high quality products with compliance to legislation requirements, social responsibility and the requirements of our business partners.

## VISION

Our vision is to be a reputable food supplements producer that manufactures and distributes high-quality health care products.

# DR.LEO® VITAMINA+D3

for normal growth and development of bones

## NUTRITION INFORMATION

### PERCAPSULE

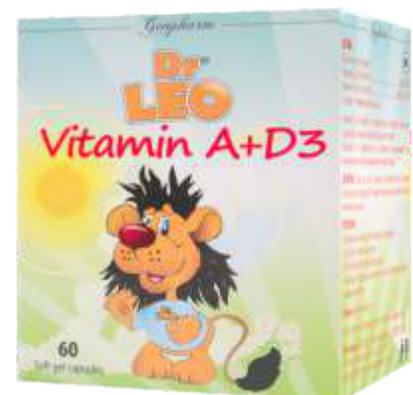

One (bovine) soft gel contains:

Vitamin D3 ..... 5µg (200IU)

Provitamin A ..... 400µg(1332IU)

Easiest way to obtain vitamin D is from the sun rays, which in contact with the skin produce vitamin D. Vitamin D3 has a proven role in bone development and maintenance of their firmness. In cloudy and winter days, it is necessary to have additional intake of Geopharm's Dr.Leo® Vitamin A+D3, due to lack of sun rays.

**Vitamin D** is needed for normal growth and development of bones and contributes to the development of muscles and teeth. Vitamin A contributes to the normal function of the immune system and to the maintenance of normal vision.

# GLUCOSAMINE FORTE

*Supports healthy and flexible joints*

## NUTRITION INFORMATION

### PER CAPSULE

One vegetarian capsule contains  
 Glucosamine ..... 850 mg

Glucosamine synthesizes naturally in the body, but its production decreases in the process of time, which requires its additional consumption. Glucosamine participates in the decrease of joint cartilage wear and enables its regeneration.

It participates in the increase of flexibility and decrease of pain for people suffering from osteoarthritis. It is useful for all elderly persons and those suffering from injuries on tendons, ligaments and joint covers, or injuries caused during sport activity.

# JOINT'S 3 ACTIVE COMPLEX

*Triple action for healthy and elastic joints*

**Joint's 3 Active complex** provides support for the strength and elasticity of the tendons, ligaments and cartilage. The three Components have a synergic effect: they provide increased mobility of the joints, long-term pain reduction, induce the synthesis of collagen and due to the hyaluronic acid, the skin is revitalized and becomes soft and shiny.

With regular intake of Joint's 3 Aktive the components are properly reabsorbed leading to improvement of the mobility of the joints.

# COENZYME Q10 + GREEN TEA

*Elixir of youth*

The special unity of powerful natural antioxidants Coenzyme Q10 and Green Tea has a soothing effect on human health. Oxidative damage to cells is known to be the reason for inducing many chronic diseases such as cancer, cardiac diseases, immunity decrease, and accelerated body aging.

Coenzyme Q10 is found in every cell of the body. Our body makes Coenzyme Q10 which our cells use it to produce energy our body needs for cell growth and maintenance. It also functions as an antioxidant, which protects the body from damage caused by harmful molecules. After the age of 40, Coenzyme Q10 production in our body is lowered. That is why it is needed to take Coenzyme Q10 on a daily basis.

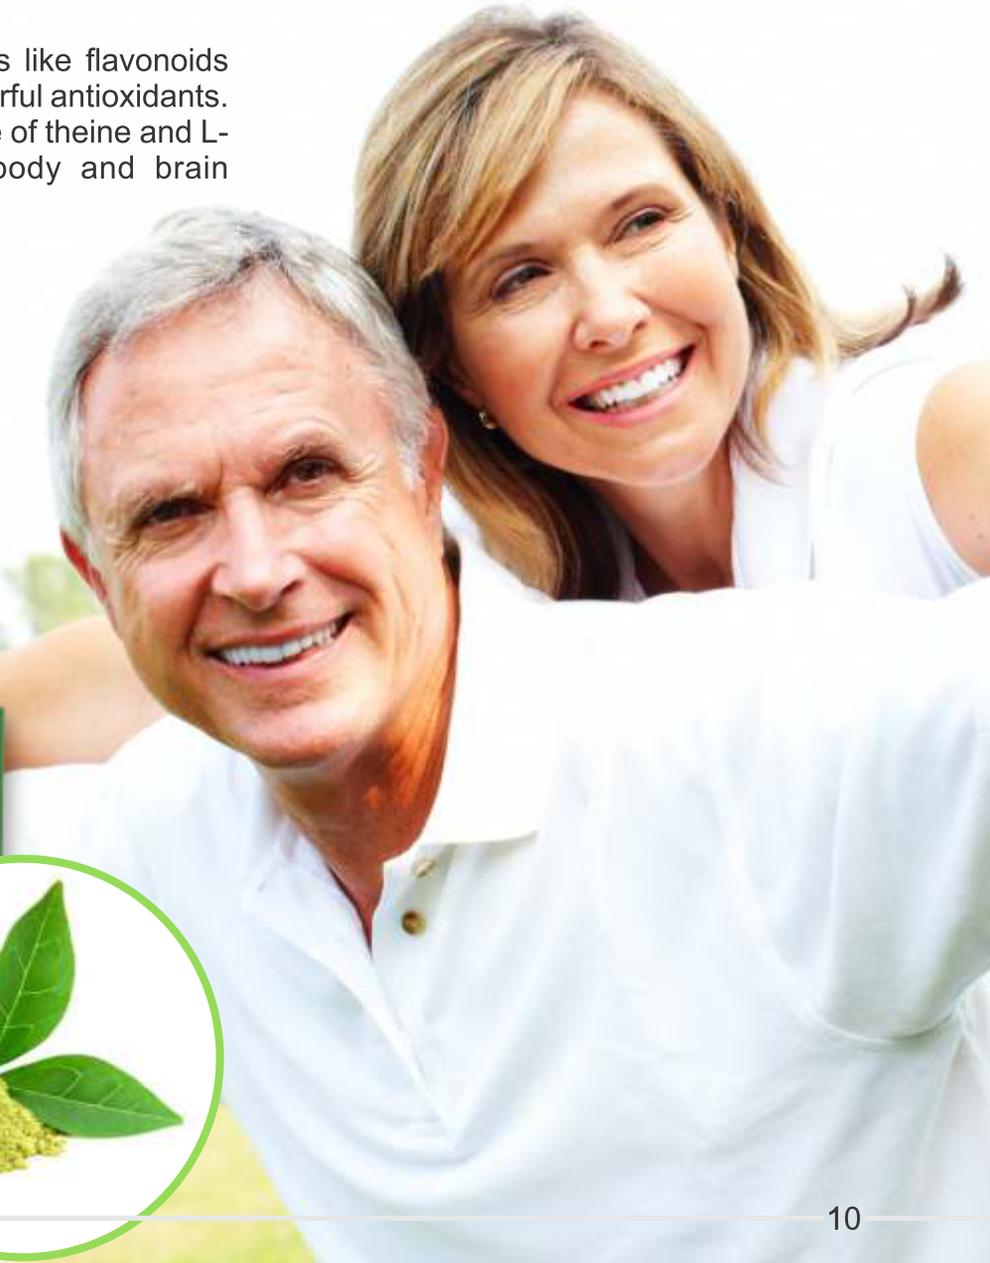

Green tea is loaded with polyphenols like flavonoids and catechins, which function as powerful antioxidants. On the other hand, due to its presence of theine and L-theanine it positively affects the body and brain vigilance.

# CLARINOL-CLA

*Fast and effective weight loss*

Clarinol - CLA is a natural product and it represents a natural source of Conjugated linoleic acid (CLA) which contributes to weight loss and maintenance of body weight, while increasing the muscle mass at the same time. CLA functions by inhibiting the enzyme lipoprotein lipase which participates in the transfer of fats from blood circulation into fat cells. As a result of that, the fat cells become smaller and immature, and by that the amount of fats in the body decreases. CLA increases the activity of the enzyme carnitine palmitoyltransferase which is present in the skeletal muscles and is responsible for the transfer of fatty acids into mitochondria where they burn and energy is released. Geopharm's Clarinol-CLA is a natural product for losing weight quickly and effectively.
